

Caithness Renewables

Supporting the Energy Industry

Interested in a household size wind turbine? Or free energy advice?

Local business, Caithness Renewables is holding a drop in session for you to find out more about the benefits of installing a small wind turbine at your home or business.

The Evance R9000, manufactured in the UK, is one of the most efficient small wind turbines in the UK.

- Reduce your energy bills and carbon footprint
- Benefit from the Feed-in Tariff
- Generated power from windspeeds of 3m/s
- Reliable in all wind conditions
- Sited 100m away from neighbouring properties
- Payback period typically 5 years

Bettyhill Village Hall

Sat 14th September

11am – 3pm (drop in)

Tea & coffee

For further information on this drop in, or any other queries about a small wind turbine please contact:

Eilidh Gunn – Renewable Energy Consultant
